LIFETIME
WARRANTY ON
THE ENAMEL STEEL
WHITEBOARDS

LIFETIME WARRANTY

i3BOARD

PRECISE, FAST & RELIABLE 20-TOUCH

All i3BOARDS are equipped with the precise and reliable V-Sense technology. This technology is fast and extremely accurate and allows up to 20 simultaneous touches. Write with your finger, a pen or any other object.

EXCELLENT VISIBILITY

The i3 Duo surface is the ideal projection surface with minimal glare that eliminates hotspots and so reduces visual fatigue There is no need to darken the room constantly, you can leave the blinds open, because the surface minimizes reflection.

PERFECTLY DRY-ERASABLE

The i3 Duo surface is perfectly dry-erasable and leaves no marks from erasing (ghosting). In case of a power interruption or whenever you feel like using a regular whiteboard marker, no problem! i3BOARD is the perfect match for mixed learning environments.

LOW TOTAL COST OF OWNERSHIP

The V-Sense touch technology is dust resistant. The ultra-narrow aluminum frame does not only look nice, it makes maintenance easy, lowering the total costs of ownership. The durable lifetime warranty enamel steel surfaces are at home in harsh environments. All i3BOARDS include a standard wall-mount.

SIZE MATTERS

i3TECHNOLOGIES is the first to launch a 135" interactive whiteboard. Now you can fully enjoy 10-touch when working with different users on to 1 surface. The huge writing surface allows to open different windows next to each other, without compromising on visibility

V-SENSE

PRECISE AND RELIABLE 20-TOUCH

- Multi-user interaction up to **20 simultaneous touches**
- **Fast** and extremely **accurate.**
- **Stylus AND finger** touch recognition.
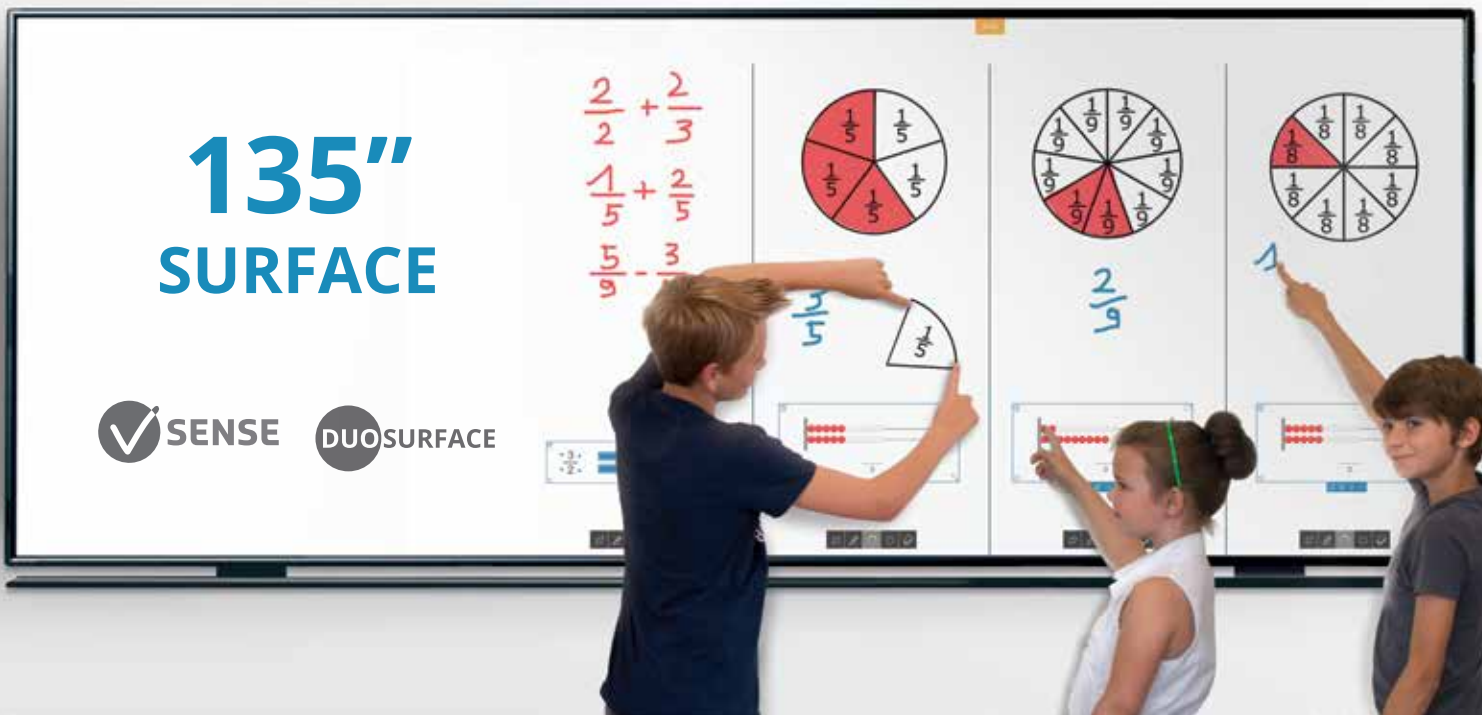

i3DUO SURFACE

SOLVES VISIBILITY AND GLARE ISSUES

- Perfectly **dry-erasable** with reduced ghosting (common marks from erasing).
- **Minimal reflection**, so no need to close blinds or darken the room constantly.
- Ideal projection surface with **minimal glare**, reduces hotspots and visual fatigue.

i3BOARD 135" DUO Surface
WORLD'S LARGEST INTERACTIVE WHITEBOARD, BECAUSE SIZE MATTERS!

- **Screen size:** huge writing surface for improved visibility without squinting
- **Multi-window:** open different windows next to each other onto your screen, without compromising on visibility.
- **Multi-user:** true collaboration! When working with different users onto 1 surface, you can fully enjoy your 20-touch functionality.

i3LEARNHUB

NEXT GENERATION COLLABORATIVE LEARNING SUITE

i3LEARNHUB was developed using the input and considering the needs of both teachers and learners. With its simple interface stripped of all clutter and offering just the essentials, it mimics the simplicity of traditional teaching tools.

ULTRA-SHORT THROW PROJECTOR
WITH OR WITHOUT LAMP

The i3PROJECTORS Lamp are bright ultra short throw projectors that offer multiple features, delivering an extremely short throw distance for all kind of applications. i3PROJECTOR Lampless is the next generation laser projector without lamp, offering numerous improvements over previous generations and a significantly lower total cost of ownership. i3PROJECTOR is also available with interactive module, so you can add interactivity to almost any surface.

ACCESSORIES

i3HAWM
MANUAL HEIGHT ADJUSTABLE WALL MOUNT

In our challenge to offer you a comfortable and intuitive solution to adjust your screen vertically, we have developed the i3HAWM, a user-friendly, ergonomic, high-quality, reliable and sustainable product that allows you to move your screen up and in a manual way.

i3ADD-ON
MULTIPLE WRITING SURFACES

The hinged i3ADD-ON adds 2 rotating wings to any board or display, providing more space for persistent information written with chalk, dry-erase markers, or attached with pins or magnets – depending on your choice or surface options. Alternatively, close the side panels to hide/reveal information or protect the interactive whiteboard or LCD display.

i3SPEAKERS
ACTIVE SPEAKER SYSTEM

The LX503 MK2 CE is a 3-way stereo loudspeaker system consisting of an active and passive unit to be linked with each other. It offers an easy and flexible solution for a wide variation of applications, producing a clear and powerful sound.
The integrated amplifier is capable of delivering a power of 2 x 40 Watt and has a line level input allowing the speaker system to be directly connected to audio sources such as CD players, DVD players, laptops, MP3 players or mobile phones.
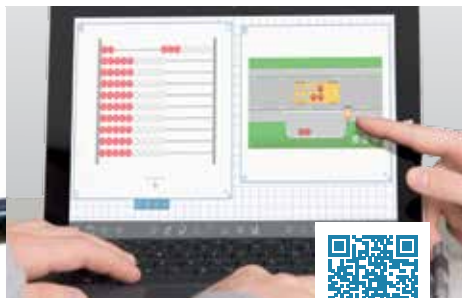

i3-Technologies integrates 3 principles as the fundament
to enable the optimal learning environment:

iNTERACTIVITY

iNTEGRATION

iNSPIRATION

SOME OF OUR PRODUCTS

i3BOARD

"UNITE DIGITAL AND TRADITIONAL TOOLS INTO A REAL MULTI-USER EXPERIENCE"

· Precise, fast & reliable multitouch

· Excellent visibility

· Perfectly dry-erasable

· Different sizes up to 135"!

In our hyper-connected world, it is only logical that learning environments are connected to the world outside.

As a consequence, traditional learning environments need to be transformed into a social hub for interaction and connectivity, in which both cyberspace, computing devices and traditional and digital meeting and teaching tools blend perfectly to enable the optimal interaction experience.

iMO-LEARN

"LEARNING THAT MOVES"

- Ergonomic seating
- Physical activities
- Physical interaction
- Embodied learning

i3LENS

"THE DOCUMENT CAMERA FOR YOUR POCKET!"

- Capture handwritten notes, documents, objects,...
- Open them in i3LEARNHUB
- Edit and/or share instantly
- Available on iOS / Android

i3LIGHTHOUSE

"HANDS-ON, ACTIVE LEARNING"

- Floor projection
- Active participation
- Technology at a younger age
- Goes where you go

i3PROJECTOR LAMPLESS

"THE NEXT GENERATION PROJECTOR"

- Extreme long lifetime
- Bright visuals
- Low total cost of ownership
- Eco-friendly
